SUMMARY

Skilled in **Java, HTML, CSS, JavaScript, MySQL, Excel & Git** with a strong foundation in **Agile, Scrum, and SDLC** methodologies. Adept at **problem-solving and debugging**, with a focus on clean, maintainable code. Effective team collaborator with strong **communication skills**. Proficient in front-end technologies, aiming to contribute effectively in a dynamic team environment.

EDUCATION

Bachelors in Technology, Computer Science
Vellore Institute of Technology, AP

Sep 2020 - Present
CGPA: 8.73

PROJECTS

Hyper QR:

- Incorporated a real-time QR code generation feature where users input a URL and get a QR code as a downloadable PNG. Built the frontend using **HTML, CSS, and JavaScript**.
- Ensured it's responsive for different devices.
- Backend powered by **Node.js**. Utilized the **qr-image** library to convert URLs into QR-encoded images.

My Portfolio:

- Developed a **responsive** portfolio website using **HTML, CSS, and JavaScript**.
- Structured the website into distinct sections including 'About', 'Experience', 'Projects', and 'Contact'.
- Implemented mobile navigation toggle function using native JavaScript.
- Ensured **cross-device compatibility** through comprehensive CSS styling.

Apple Homepage Clone:

- Developed a clone of the Apple homepage using **HTML and CSS**.
- Focused on replicating the site's layout and design elements.
- Utilized **semantic** HTML5 tags and CSS for styling.
- No JavaScript or third-party libraries were used, emphasizing core web technologies.

CryptoPulse:

- Developed 'CryptoPulse', a single-page application for **real-time** cryptocurrency data.
- Utilized HTML, CSS, and JavaScript for **dynamic** content updates and interactive UI.
- Integrated **CoinGecko API** for live cryptocurrency prices and market insights.

CERTIFICATIONS

- CS50: Introduction to Computer Science by **Harvard University**
- CS50: Web Development with Python and JavaScript by **Harvard University**
- Ethnus: **MERN** Full Stack Internship Program

EXTRA-CURRICULAR ACTIVITIES

- Core member of the content team in VIT's Bulls and Bears club.
- Successfully conducted Shark Tank 2.0 event during VIT's annual technical event, VTAPP, 2022.
- Current core member of the events team in SEDS VITAP chapter.

ACHIEVEMENTS

- Honored with a **scholarship** from the Aakash Kashmir Talent Hunt Examination (**AKTHE**) 2017.
- Secured the 3rd **rank** in the Jammu & Kashmir Class 10th Board Examination.
- Secured the 15th **rank** in the Jammu & Kashmir Class 11th Board Examination.
